

**ASCE Outstanding Civil Engineer Advocate of the Year Award  
Nomination Form**

***Nomination deadline: December 15, 2021***

The ASCE Outstanding Civil Engineer Advocate of the Year Award recognizes individuals who have advanced civil engineering issues through promotion of the Key Contact Program and legislative advocacy with their members of Congress, state legislatures and external audiences.

Applicants for the Outstanding Civil Engineer Advocate of the Year are asked to respond to the following questions. Please limit your responses to no more than a total of 1,000 words. Supporting materials may be included.

**Advocate & Advocacy Activities**

There are five key areas that members can engage in for consideration for the Outstanding Advocate of the Year Award. These areas are as follows: **ASCE Priority Issues, Priority Legislators, High Engagement Activities, Key Contact Program Promotion, and Freshman Legislators.**

With this in mind, please indicate how the nominated individual engaged in advocacy this past year and describe the activities and communications that this individual has used to prompt positive outcomes on ASCE's legislative goals.

In describing legislative or regulatory engagement, please be as specific as possible. For example, “He communicates regularly on ASCE issues” is not specific. However, “She regularly attends district town hall meetings conducted by the Member of Congress and always asks a question or makes a comment on civil engineering issues. This has helped our Section build a better relationship with this office and has allowed her to reach out to the office to provide ASCE viewpoints prior to key votes.” is specific.

For Key Contact program promotion, please describe activities the individual has undertaken to encourage ASCE members to become Key Contacts and/or actively participate in action alerts, attend Fly-In or Town Halls, etc. This should include specific outcomes and metrics that have been achieved as a result of the nominee’s outreach.
